

FOR IMMEDIATE RELEASE

## **Aspen Grove, Inc. Releases Aspen iAgent Version 3.1**

**Aspen Grove, Inc. is pleased to announce the newest release of its REO Management Software, iAgent V 3.1**

St. Charles, MO December 11<sup>th</sup>, 2008 – Aspen Grove is constantly updating our systems to provide a more complete workflow management solution for REO agents. Version 3.1 of Aspen iAgent enhances our Vendor Portal capability which allows agents to grant online access to vendors to view, complete and manage work orders including all invoicing and payment management. All agent/vendor work order communication can be accessed in real time directly via Aspen iAgent.

Additional features of Aspen iAgent V3.1 include: an auto-populated occupancy determination inspection for all new property assignments; multiple file upload capability with secured viewing provisions which allows you to upload all your photos and documents for a property in one go; miscellaneous task module which can be used to record and track all communications as well as any other ad-hoc task assignments; enhanced data migration including the ability to import all your clients and vendors at once using a simple import file and three step review process; and much much more.

About Aspen Grove, Inc.

Aspen Grove was founded in 1997 and has gained a reputation in the Default property market for its state of the art workflow solutions for REO and property management. Aspen Grove systems have processed over \$30Billion worth of REO properties. Aspen Grove is an independent REO solution provider with extensive experience in providing secure online REO solutions in Tier1 hosting facilities. Aspen Grove provides online business management solutions for all aspects of the default property market including Asset Management, Appraisals, and BPOs.
